

The **Council for the Built Environment (CBE)** is a statutory body established under the Council for the Built Environment Act no. 43 of 2000. It is an overarching body that coordinates the six built environment professional councils (architecture, engineering, landscape architecture, project and construction management, property valuation and quantity surveying - all operating within the built environment) for the purpose of promoting good conduct within the professions, transforming the professions and advising South African government on built environment related issues.

## **APPOINTMENT OF PANEL OF EXPERTS (RESEARCH)**

### **BACKGROUND**

The CBE, through its Research and Policy Unit is committed to producing research outcomes that are of scholarly nature that not only serve as a resource to the CBE but also as a knowledge source for the built environment professions.

In order to improve the quality of research products, the CBE seeks to appoint independent research experts to serve on the Panel of Experts.

### **DUTIES**

The panel of experts shall be responsible for the following duties, among others:

- Advise the CBE on the project concept and specifications;
- Assessment and recommendations of the research methodology and;
- Quality assurance of research process and products.

### **QUALIFICATION AND EXPERIENCE**

- Doctoral Degree
- Minimum 5 years experience in research.
- Comprehensive understanding of the built environment would be advantageous.

Interested candidates are requested to submit an application letter, together with a comprehensive CV and two professional references to: Apollo Mogotsi at [apollo@cbe.org.za](mailto:apollo@cbe.org.za)

Detailed Terms of Reference can be accessed on the CBE website: [www.cbe.org.za](http://www.cbe.org.za)

Closing date for applications: 30 November 2008.
